## REMOTE CONTACT 2022

From the Principal Issue 8 Date: 27th May, 2022

## Health and Wellbeing at MPSS

**Honesty Perseverance Responsibility Cooperation Kindness**

In all classes across the school this term the students are focusing on help seeking behaviours. Children can experience all kinds of challenges as they grow and develop. Learning help seeking skills will assist the students with their health and wellbeing in and out of school.

Students are able to:

- identify situations in which they should seek help to work through a problem whether it is with schoolwork or friendship issues,
- identify trusted people to seek out when needing help such as their class teacher or teacher on yard duty,
- contribute to group work confidently as they know they can seek help when needed

Please encourage your child at home to talk about how they work through situations and when and how they would seek assistance from an appropriate source when needed.
